

CONSTELLATION PLACE

10250 Constellation Boulevard, Century City, CA

CLASS A OFFICE SPACE FOR LEASE IN AWARD-WINNING BUILDING

Designed by Johnson Fain Partners, Constellation Place is the crown jewel high-rise office building in Century City. This Class A project comprises 796,126 rentable square feet with views from Downtown Los Angeles to the Pacific Ocean.

Located in the heart of Century City, Constellation Place is one of the most visible architectural landmarks in Los Angeles.

Constellation Place is the most highly-advanced building in Century City, if not all of Los Angeles, and is the recipient of many distinguished awards and honors, including "The International Office Building of the Year (TOBY) Award" in 2009. In 2010 Constellation Place was awarded LEED Gold Certification.

A generation newer than most buildings in Century City and West Los Angeles, Constellation Place's technologically advanced features, such as a solar power array and digitally controlled HVAC systems, distinguish it from its competition.

Constellation Place is across the street from the Westfield Century City shopping center and cinema, and walking distance to elegant hotels, luxury apartments and condominiums.
